**BITNER MINE OF
H. C. FRICK COKE
COMPANY ON FIRE****Flames Believed to Have
Started From Defect in
Wiring.****WALL OF COAL BURNING****Mine Inspectors, Both Company and
Government, Go There to Prevent
Possible Spread; Mining Is Delayed
and 120 Men Are Idle Today.**

The Bitner mine of the H. C. Frick Coke Company, near Elm Grove, is burning. The fire started about 3 o'clock this morning and water is being poured into the mine in an effort to check the flames.

The fire is believed to have been caused by a short-circuit in the electric wiring. It started about 200 or 300 yards back from the mouth of what is known as the "right entrance." The day force of 120 men did not go into the mine this morning.

Mine inspectors from all parts of the region, both Frick company and government men, went to the mine as soon as word of the fire was received, in order to prevent a spread of the flames.

Smoke is issuing from a number of pits, holes in the earth where coals lie from lack of supports having occurred. It is through these that water is being poured in an effort to check the fire. The coal is known to be burning.

**Sultan Flees
From Turkey on
British Warship**

By Associated Press
CONSTANTINOPLE, Nov. 17.—Mohammed VI, the Turkish sultan, has fled from Constantinople on a British warship bound for Malta.

Upon embarking the sultan emphasized that he was not abdicating but merely removing himself from immediate danger. The sultan wrote to General Harington, the British commander, Wednesday evening, stating he considered his life in danger and asking for British protection.

The sultan has been greatly exercised over his status since the action of the Turkish Nationalist assembly at Angora voting to deprive him of his civil authority and declaring the caliph, or religious head of Islam, would hereafter be selected from the imperial house by vote of the grand national assembly.

In the face of the situation of Nationalist military elements into Constantinople and the knowledge that the Ankara authorities would eventually be in full control in the Turkish capital, the sultan and his advisors have been frankly at sea as to the proper course for him to pursue.

**Russians Will
Sing Tonight at
The High School**

The Russian Cathedral Quartet, a group of four native Russians, who have been touring the United States several years, rendering the native music and songs, will be the attraction at the High School auditorium tonight as the third number of the entertainment course being held this season under the auspices of the school.

The quartet is composed of two sopranos, a baritone and basso-profundo. Each has won great honor in his own land and are regarded as a truly remarkable combination. In addition to the Russian songs they give a very interesting interpretation of American folk songs and classics. The quartet appears in three changes of costume, presenting their native folk and gypsy songs and cathedral music.

CONSTANTINOPLE, Nov. 17.—An attempt by the Kemalists to run the interned destroyer Keshissar, disguised as a merchantman, out of the Golden Horn, past the Allied control, was frustrated last night.

**Fined \$100 for
Carrying Booze**

A prisoner was given a hearing before Mayor C. C. Mitchell this morning. Danny Alston was arrested on North Water street by Patrolman C. E. Humberston on a charge of unlawfully transporting intoxicating liquors. He was sentenced to pay a fine of \$100 or spend 90 days in jail.

The fine was not forthcoming.

Scottsdale Man's Will.
GREENSBURG, Nov. 17.—The will of Cornelius W. Whiting, late of Scottsdale, was probated yesterday afternoon. The estate is valued at \$5,300 and Sarah A. Whiting is the executrix of the sole legatee of the estate.

**MAX C. FLOTO
COMMANDER OF
BISHOP POST**

Max C. Floto, one of the leading workers in organizing Milton L. Bishop Post No. 361, The American Legion, and an outstanding figure in its activities since then, was elected post commander at a meeting held in the Carnegie Free Library auditorium last night. The meeting was not held in the post rooms because of the large attendance, the quarters not being adequate.

The meeting was one of the most enthusiastic ever held by the local Legion post which has become a very live organization. There were a number of candidates for all offices and some close contests featured the election. The vote was made unanimous after announcement of the successful candidates had been made.

Before the meeting adjourned it was determined to hold a military ball in conjunction with the Howitzer Company on Friday, December 22. The affair will be a formal one. The committee named includes H. D. Wright, P. R. Shoetz, William McNulty, Clark Reister, William Murphy and J. M. Dilworth.

Following adjournment the post went to the Parochial School hall where a chop suey and a la American supper was served, it being supervised by Mrs. Byrce M. Shoff. A special musical program was arranged also, the Legion quartet and orchestra furnishing all numbers.

The entertainment committee for next month is composed of Lloyd S. McColland, Henry Bailey and Harry G. Mason.

The results of the election follow: Post Commander—Max C. Floto. Post Finance Officer—C. J. Poole. Post Adjutant—Earl E. Shank. Senior Vice Commander—H. Dana Wright.

Post Historian—Charles McKewitt. Post Legal Aid Officer—Olivier Goldsmith. Junior Vice Post Commander—Walter A. DeBols.

Post Chaplain—Rev. E. A. Glennon. Executive Committee—Charles McCormick, Joseph E. Reed, Frank Sweeney and Thomas W. Scott. Retiring Post Commander J. M. Dilworth automatically becomes a member of this committee.

Post Sergeant-at-Arms—Quay P. Herwick.

Mrs. A. E. Vannatta was named collector for the Civic League.

**DUNBAR STATE
POLICE SEIZE
FIVE STILLIS**

State police at Dunbar raided five homes at Juniata yesterday—all of foreigners—and confiscated five stills and 15 gallons of moonshine whiskey.

The raid was made by Privates E. E. Kelly and Ambrose Baumer who arrested Joe Comfort, Steve Marzinka, Mrs. Joe Foery, Charles Waska and John Waska, all of whom were held by Justice of the Peace Thomas J. Graham of Leaning under \$1,000 bail each for court on account of having a large family to look after Mrs. Foery was released.

The others were taken to jail in Uniontown. The stills and liquor were taken to New Salem today.

**Inspection of
Howitzer Company
Wednesday Night**

Every member of the Howitzer Company is under order to report at the State Armory next Wednesday evening, in uniform, "with a clean shave and a shoe shine," as Captain C. J. Deall, Jr., will conduct the annual inspection of the company.

Notice has been sent to every member of the company, with instructions to report at 7:30 o'clock. No excuses will be accepted except illness, and then a doctor's certificate must be shown.

**B. & O. Furloughing
Men at Cumberland**

CUMBERLAND, Nov. 17.—A notice was posted at the Baltimore & Ohio Railroad shops yesterday, informing the employees that effective Monday an undetermined number of men would be furloughed. Officials of the company would make no statement regarding the cause of the furlough or the number of men slated to go.

It was learned unofficially, however, that approximately 150 car repairmen and 250 employees in the machine shops, round house and boiler shops at Cumberland and a smaller number from the Keyser shops would be furloughed indefinitely.

Leaves Hospital Temporarily.
Henry Witt, son of Mr. and Mrs. J. G. Witt of Stephens street, is home from the Eyr and Eyr Hospital, Pittsburgh, for about three weeks. He will then return for another operation. While chopping wood a splinter entered Mr. Witt's right eye. It was removed and later a cataract formed, necessitating a second operation.

Undergoes Throat Operation.
Mary E. Snyder, seven years old, of Connellsville, underwent a throat operation at the Cottage State Hospital this morning.

**HUNDREDS TURN OUT
TO HONOR SENATOR
BROWN AT HOME****Neighbors and Friends of All
Parties Join in Great
Reception.****HOME TOWN PROUD, HAPPY**

Upon an occasion unprecedented in the history of the Monongahela Valley, Nothing Left Undone to Make It Memorable in Every Way.

The reception given in honor of State Senator-elect, Mr. W. Brown and Mrs. Brown at their home in Fayette City last evening was an occasion unprecedented in the history of the upper Monongahela Valley. Upwards of 3,000 persons participated in the event, for the success of which the neighbors and friends of Senator Brown had left nothing undone.

Beginning shortly after 7 o'clock and continuing until nearly midnight, a steady stream of people called to offer their congratulations to Mr. and Mrs. Brown. Men and women affiliated with their other political parties joined in with the Republicans.

The spacious Brown residence proved to be entirely too small for the guests. It being necessary to enter by one entrance and leave by another, Fayette City was literally jammed with automobiles. Only the efficient traffic work by four state troopers prevented congestion.

While all parts of Fayette county were represented, practically the entire populace from Belle Vernon, Washington township and Fayette City, attended the affair. The wonderful loyalty of the people of Brown's home community was truly inspiring, the sincerity of every man, woman and child being apparent when they offered their congratulations.

In responding to Republican County Chairman Earl Hueston, who acted as chairman at a very brief meeting, Brown expressed his appreciation of the support accorded him at the recent election.

Davis W. Hopkinson, in a brief address, grew reminiscent as he sketched Brown's career. Mr. Hopkinson and Mr. Brown have been life long friends and many personal intimacies were recalled by the speaker.

Students in the life of the state senator-elect and gave assurance that Brown would "make good" a representative of the county in the state senate.

The Fayette City and Belle Vernon bands gave a series of concerts at the Brown home and on the streets of the town during the evening. At the Brown home the Mendelssohn quartet and the Guy W. Brown quartet sang. Songs were sung by Frank Brookland and Lester Crawford of Connellsville.

Late in the evening there was a fireworks display in the lawn about the Brown home, this feature of the program being arranged by Tony Butano of Connellsville, with the compliments of the Dunbar Fireworks Company, as a tribute to the state senator.

Connellsville was well represented at the reception, also Pittsburgh and many other points in the Monongahela Valley.

**Alderman Paid
Reward in Paul
Newcomer Case**

Fayette County Commissioners, by unanimous vote yesterday, paid the \$1,000 reward offered by them for information leading to the arrest and conviction of the murderer of Paul Newcomer to Alderman John W. Darby of Uniontown. Immediately following the murder of Newcomer, near Waltersburg, the commissioners, by resolution dated January 9, last, offered the \$1,000 reward.

Alderman Darby made an investigation of the case and named George Stewart of Rocks Works, as Newcomer's slayer. Stewart confessed to the shooting and went on the witness stand and acknowledged his guilt. He implicated John Randolph and was convicted of first degree murder and was electrocuted and his wife and Randolph were convicted of second degree murder, the former being recommended to the mercy of the Court. Mrs. Stewart was sentenced to serve nine years in the penitentiary and Randolph 18 years.

Several persons made application for the reward and the commissioners held a hearing to determine how it should be disposed of.

**Far East Republic
Joins Soviet Russia**

CHITA, Far Eastern Republic, Nov. 17.—The government of the Far Eastern Republic of Siberia has abolished the assembly voted to unite with the Soviet government of Moscow.

A Russian telegraphic agency message from Chita is quoted in a Moscow dispatch to the Socialist Red Flag to the effect that the government of the Far Eastern Republic has unanimously decided to dissolve that republic and make it a part of Soviet Russia.

The message declares a revolutionary board of seven members has been established and that 18 delegates to the Russian "red" congress have been selected.

**Mission of the American Red
Cross Is World-Wide, Not Local
Only, Says Chairman Norton**

E. T. Norton, chairman of the Connellsville district for the Sixth Red Cross Roll Call, has issued the following statement and appeal to the people of the district preparatory to the campaign for membership renewals to be put on Sunday afternoon:

"The American Red Cross primarily has nothing to offer but service. To serve efficiently it must have paid eventers, and a corps of trained workers—like any properly organized business. This is especially true in order to render efficient service to the ex-service men and their families. This work cannot be done properly by those who do not make it their business.

"Besides the service to ex-service men and their families, the American Red Cross has entered upon a health conservation program. It is conducting well baby clinics, first aid home nursing and nutrition classes, school and public health nursing and other phases of health activities. All of this work is being done in Fayette county.

"Headquarters have ordered that our community shall function through the Fayette County Chapter. It might just as well be the Bullskin Chapter in the Dunbar Chapter. If there were such.

"It should be a matter of little concern to us in view of the fact that the chapter wherever it may be must report and account in minutest detail to headquarters.

"We who enroll for 1923 will be members of the American Red Cross—the body headed by the President of the United States—nation-wide in scope and power. We are not asked to join a local chapter but to become members of the national body.

"We have two public health nurses—we could use many more. To ask the nursing physicians here about their experience with this nursing service. One recent instance: a child of parents in much a rattled circumstance was severely injured. His life depended upon proper dressing of the wound every day. To save it from becoming crippled for life it needed further attention for several weeks. The parents were unable to give proper attention through ignorance—and could not afford a nurse. The physician could not give daily attention to it over a long period—he has too much depending upon him elsewhere. The Red Cross nurse was called in—made daily visits, so long as necessary, and the child is saved unharmed. This is only one of many such cases.

"The Metropolitan Life Insurance Company appreciates this service to the conservation of the health of its insured and pays the Fayette County Chapter 80 cents for each visit made to any of its policy holders. The records show that last year Connellsville received more in service than it gave.

"Should we not do better this year?"

**BODY MISSING,

to Be Victim of an Accident.**

By Associated Press.

PITTSBURGH, Nov. 17.—William Rankin of Newell, Fayette county, appeared at the county morgue today and identified the body of his son, William, a member of the Woodlawn police force. The body was found in the Pittsburgh & Lake Erie station air shaft last night.

Deputy coroners investigating the case said they believed Rankin entered the shaft for some undetermined purpose and was struck by the blades of a fan.

Rankin disappeared Armistice Day. He was given permission by the police chief to play football at California and was not seen again until the body was found by an electrician.

Arrangements have been made to send the body to Newell.

**CIVIC LEAGUE
BOOK FUND TOPS
\$700; NOT ALL IN**

The drive conducted by the Civic League of Connellsville to secure funds to be used for the purchase of new books for the Carnegie Free Library was a success, according to reports submitted at a meeting of the district leaders of the league last night at the library.

The sum of \$710 was turned in and all committees have not been heard from.

All persons having papers or money are requested to leave them with the librarian.

**Bridge May Be
Open by Sunday**

It is expected the Youghiogheny river bridge will be completed for passage of traffic by Sunday. The last bridges are being laid and practically all the other work is finished.

At present vehicle traffic is using the south side of the structure which is also occupied by the West Penn Railways tracks. The center portion of the bridge is already laid in wood block and the two approaches are now being used on the grade at the east side.

**COAL OPERATORS
TO MEET TONIGHT
AT COUNTYSEAT**

More than 200 coal operators from Fayette and adjacent counties are expected at a meeting to be held at the Y. M. C. A. Building, Uniontown at 7:10 o'clock tonight when Lieutenant Joseph C. Arnold, district representative for Western Pennsylvania of the federal fuel distributor, will be the speaker. The meeting has been arranged by the Fayette-Greene Coal Producers Association but it is open to all coal operators and it is urged that all attend as Lieutenant Arnold will have an interesting message for the operators. In a letter to the association, Lieutenant Arnold writes:

"It will be a pleasure to meet the operators at Uniontown. I am sure I will endeavor to tell you what I can of the plans and work of the Federal fuel distributor."

Federal Fuel Distributor Spenn and District Representative Arnold are much interested in the Uniontown meeting which is one of the very first of such meetings arranged in the United States, as a means of exchange of information and views between the government representatives and the operators. The meeting is entirely informal and no doubt will be followed by an exchange of questions on the various phases of the fuel distribution and legislation enacted at the recent session of congress. There will be no resolutions or endorsements asked on the part of the operators, the meeting being entirely for a matter of information.

George Wheel, president of the Fayette-Greene Coal Producers Association, will preside.

**SMILE SAVES
MRS. PHILLIPS
FROM GALLOWS**

By Associated Press.

LOS ANGELES, Cal., Nov. 17.—Members of the jury which found Mrs. Clara Phillips guilty of murder in the second degree for leading Mrs. Albert Trezona Meadows to death with a hammer were quoted today as admitting Mrs. Phillips' smiles saved her from the gallows. Had it not been for her smiles she would have been convicted of first degree murder, without a recommendation for mercy, thus making the death penalty, they said.

Mrs. Phillips seemed to study them one at a time and flash frequent smiles at them while she turned an apparently stoical back to spectators in the court room, they were quoted.

"And he had the most appealing smile I ever saw," was the way one was quoted.

The women jurors were not so affected, it was said, and all three favored a verdict which would have sent Mrs. Phillips to the gallows. The verdict returned was a compromise.

**Police Asked to
Aid in Hunt for
Missing Operator**

By Associated Press.

PITTSBURGH, Nov. 17.—The police of a number of neighboring states have been asked to conduct a search for James W. Seick, a coal operator, who disappeared from the Sullivan & Seick mine at Ellipton near here yesterday. Seick went to the mine here yesterday morning and conversed with several miners. No trace of him has been found since that time.

Last night Mrs. Seick received a telephone call from Washington, D. C., saying Seick had been attacked and robbed and placed in a railroad box car from which he was rescued at Washington. The wife expressed the belief that the Washington call was a hoax and asked the police to investigate.

Charges; Defense Based Night for
Acquittal Johnson on Self-Defense.**

By Associated Press.

PITTSBURGH, Nov. 17.—Guilty of murder in the first degree was the verdict returned today in the case of Elmer Johnson of Connellsville who was tried for the killing of James Krache, owner of the Suncliffe Garage at East Liberty, February 18, last.

The jury retired at 5:20 last night and the verdict was opened and read when court convened this morning.

Krache, the Commonwealth charged, was shot by Johnson during a hold-up.

The defense was self-defense.

Joe Villano and Paul Agresti, alleged accomplices of Johnson at the time of the killing, will be tried later.

A feature of the trial was the testimony of W. J. Johnson, brother of the defendant, who was a state witness. He testified Elmer left his home a few days before February 18 and when he returned a week later he "was not himself." Elmer then told him, the brother, that he, Villano and Agresti had shot a man in a garage at Pittsburg.

**William G. Sharp,
War-Time Ambassador
To France, Dies**

By Associated Press.

ELYRIA, Ohio, Nov. 17.—William Graves Sharp, former ambassador to France, died at his home shortly before noon. Mr. Sharp had been ill for several days. Mr. Sharp, who was 63 years old, spent several months in Europe last summer in the interest of his health, and, according to friends, had not been well since. All of the five Sharp children were summoned to his bedside late yesterday.

Mr. Sharp was American ambassador to France, serving in Paris during the World War. He resigned a year after the armistice was signed.

By Associated Press.

SHARON, Pa., Nov. 17.—An increased schedule of industrial activities for this region was announced today. The New Clair blast furnace of the Reliance Iron & Coke Company at Shapsville will begin operations November 23. The furnace with a daily capacity of 500 tons, will employ 150 men.

The Valley Mould & Iron Company will increase operations late this month while the Farrell red mill of the American Steel & Wire Company will take on 200 additional men next week.

**Democrat May Lose
On a Technicality**

By Associated Press.

GREENSBURG, Nov. 17.—George A. Smith of Perry, Republican candidate for Legislature at the November election, who was defeated by 59 votes by George W. Bryson, Democrat, may be declared the winner on a technicality.

Mr. Bryson was a candidate on both the Democratic and Socialist tickets. His name appears twice on the ballot, once as George W. Bryson, Democrat, and again as G. W. Bryson, Socialist. Where a man is a candidate on two or more tickets the law provides:

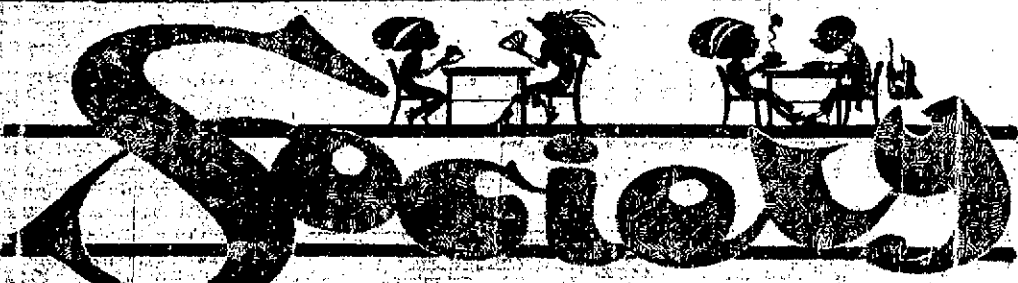

"Whenever any candidate shall receive more than one nomination for the same office, his name shall be printed once, and the name of each political party so nominating him shall be printed to the right of the name of such candidate, arranged in the same order as the candidate's names are grouped."

The status of the two candidates was argued before the returning board, Judges Charles E. Whitten and William T. Lom, Jr., by Attorney James S. Becerra, counsel for Mr. Smith, and Attorney George McWhorter, counsel for Mr. Bryson.

Place and Date For Rally Changed

Special to The Courier.
SCOTSDALE, Nov. 17.—The Luther League rally scheduled for the Scottdale branch of the Greensburg district at Scottdale Friday evening has been postponed one week and the place has been changed to Zion Lutheran Church, Ruffsdale, November 24. This change in the arrangements "came necessary on account of the Scottdale congregation having decided to proceed with the renovation of the church."

The Luther League of this branch, composed of Scottdale, Connelville, Mount Pleasant and Ruffsdale, are looking forward to a very pleasant meeting on this occasion. The principal address will be made by Prof. J. C. Habert of the Mount Pleasant schools. A conference on "Better League Meetings" also will take place. The social hour following this is being planned by the officers of the district.

ATTRACTIVE DISPLAY

Aaron's Windows Show Unusually Handsome Furniture.
Two of the most attractive window displays ever shown in Connelville, that will prove doubly interesting to all home-lovers, are now being featured by the Aaron Furniture Store. In the one is a massively comfortable overhauled living room suite. The other shows one of the newest Grand Rapids dining room suites in America available, superbly fashioned after the popular colonial design. These displays have been receiving much favorable comment and are certainly well worth seeing.

Stefl Granted Another Trial

Special to The Courier.
GREENSBURG, Nov. 17.—Fred Stefl, former goldster and lover of Annie Yezek of Mount Pleasant, who shot the girl because she repulsed his attentions, has been granted a new trial. Stefl, convicted of murder in the first degree, at the August term of court, through his attorneys filed 13 reasons why he was entitled to a new trial. One of his reasons—that he was able to produce testimony to show that he was not in Mount Pleasant, but in Ohio, at the time he is said to have made threats against the girl—brought favorable action on his petition. Preparing to again bring the slayer of her daughter to justice, Mrs. Mary Yezek, mother of the dead girl, her son, Charles, and her brother, Frank Steflhammer, came to Greensburg on Wednesday and again retained Attorney Philip K. Shaper who handled the case for the Commonwealth on the occasion of the first trial in which Stefl was found guilty.

GOOD SALE REPORTED

Many Local Music Lovers Will Go to Uniontown.
The best sale for the concert to be given at the new State Theatre in Uniontown on Monday evening by Madame Schumann-Heink in progressive very satisfactory, according to reports from the countryside. In addition to the world famous contralto, the program will include Florence Hardeman, violinist, and Arthur Loesser, pianist. There will be a big attendance of Connelville music lovers at the concert. Many ticket reservations have been made by local persons by calling the theatre. Many excellent seats may still be secured, it is said at the theatre.

Oat Flakes

Consider how they differ

Some oats are rich and plump. They make the large and luscious flakes you find in Mother's Oats. But we get only 10 pounds from a bushel. Some oats are puny and insipid. They lack that delightful flavor. Which kind are you serving?

Oats supply 15 needed elements. They yield 1810 calories of nutriment per pound. They are rich in body-building elements, in vitamins and minerals. They hold supreme place as a food for growing children. Then why not serve delicious flakes, the kind that children love? In Mother's Oats you get the premier oat food, and at one-half cent per dish.

WILLIAM M. NULL.
SCOTSDALE, Nov. 17.—After an illness of six weeks from infirmities due to age, William M. Null, died Thursday evening at the home of his sister, Mrs. H. S. Myers, 119 Market street. He was born on the old Null homestead near Ruffsdale, a son of the late Joseph and Esther Null. He served in the Civil War as a member of Company E, 105th Pennsylvania Volunteer Infantry. He had made his home for 18 years with Mrs. Myers. Another sister is Mrs. Eda N. Williams of Scottdale. He leaves a number of nieces and nephews, among them being Lieutenant Tolford Null of the United States Air Service. The funeral service will be Sunday at 2 o'clock at the Myers home. Interment will be in Mount Lebanon Cemetery at Tarr.

ROBERT W. SOISSON.
Funeral services for Robert W. Solison were held this morning at 9 o'clock in St. John's Catholic Church, Uniontown in the presence of a number of relatives and friends. Solemn high mass of requiem was celebrated by the pastor, Rev. Father E. P. Kenney. Pallbearers were Anthony J. R. Gray, John McDevitt, W. A. Stone, Dr. Crow, George Davis, all of Uniontown and George B. Freed of Connelville; active, John Irwin, J. M. Doyle, J. J. Dougherty, Fred Neuroth, all of Connelville. Charles Johnson and Frank Yehner, both of Uniontown. The interment was made in St. Joseph Cemetery, Connelville.

MRS. LINA D. DEAN.
Mrs. Lina D. Dean, 36 years old, died Thursday at the family home at McClellandtown. She is survived by her husband, Marshall G. Dean, two children, her mother, Mrs. Sarah Hieston, of Church Hill, one brother and one sister. The funeral service will be held Sunday morning at 10:30 o'clock at the home and at 11 o'clock at the Church Hill Church. Rev. D. C. White will officiate.

MRS. JENNIE FARR CAMERON.
The body of Mrs. Jennie Farr Cameron, who died at the family home in Waycross, Ga., will arrive in Uniontown Sunday and will be taken to the home of the deceased's brother, John D. Farr.

FRANK KENDRICK.
Frank Kendrick, 2 years and 11 months old, son of John and Annie Kendrick of Leisensburg No. 3, died Thursday night of diphtheria. The funeral was held this afternoon, followed by interment in the Greek Cemetery of Leisensburg. Patronize those who advertise.

A Message to Mothers

YOU know the real human doctors right around in your neighborhood: the doctors made of flesh and blood just like you; the doctors with souls and hearts: those men who are responding to your call in the dead of night as readily as in the broad daylight; they are ready to tell you the good that Fletcher's Castoria has done, is doing and will do, from their experience and their love for children. Fletcher's Castoria is nothing new. We are not asking you to try an experiment. We just want to impress upon you the importance of buying Fletcher's. Your physician will tell you this, he is known there as a number of imitations on the market, and he is particularly interested in the welfare of your baby. Genuine Castoria always bears the signature of *Dr. J. C. Fletcher*.

OCTOBER OUTPUT BY-PRODUCT COKE LARGEST TO DATE

Total 2,806,000 Tons, an Increase of Nine Per Cent Over June, Next Highest.

BEEHIVE GAINED ALSO

According to the monthly report of the United States Geological Survey, October witnessed an output of by-product coke larger than the monthly average for any preceding year. The total production was 2,806,000 tons, an increase of 562,000 tons, or 25 per cent over August, and of 226,000 tons, or nine per cent, over last June, the highest preceding month of the present year. The output exceeded the output of October, 1931, by 1,221,000 tons, but a decrease of 25 per cent compared with 1930.

The production of by-product and beehive coke during the preceding five years and the past two months has averaged as follows:

Year	By-Product, Beehive	Total
1927	1,832,000	1,832,000
1928	1,832,000	1,832,000
1929	1,832,000	1,832,000
1930	1,832,000	1,832,000
1931	1,832,000	1,832,000
1932	1,832,000	1,832,000

The quantity of coal consumed in the manufacture of coke during the month of October was approximately 5,000,000 tons, of which 4,000,000 tons were used in by-product coke and 1,000,000 in beehive coke. These figures indicate that the present consumption of coal for coke manufacture is at least two-thirds greater than during the period of extreme depression in 1931, and about eight per cent less than in the active year 1930.

Assuming a yield in merchantable coke of 69.5 per cent of the coal charged in by-product coke and 63.1 per cent in beehive coke, the consumption of coal has averaged during 1931-1932, inclusive, and during September and October, 1932, as follows:

Year	By-Product, Beehive	Total
1931	1,832,000	1,832,000
1932	1,832,000	1,832,000
1933	1,832,000	1,832,000
1934	1,832,000	1,832,000
1935	1,832,000	1,832,000
1936	1,832,000	1,832,000

Active demand for household fuel has largely absorbed the heavy stocks of unsold coke, which has accumulated at by-product coke works last spring. Statements furnished by 19 by-product coke operators supplying gas to the municipalities under contract show a decrease of 72 per cent from March 1 to October 1, 1932. As the stocks of surplus coke at such plants on March 1 were slightly over 1,000,000 tons, it appears that the October stocks were about 270,000 tons. The 19 companies have been up to the day of publication had 220,700 tons on October 1.

In the anthracite-consuming territory of the northeast, the accumulation of unsold coke has been almost completely liquidated. A considerable surplus remains, however, in certain of the Western cities.

Lake Shipments Over Million Tons a Week

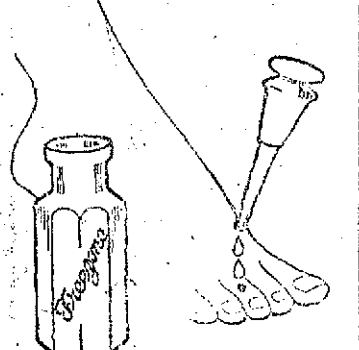

In the period following the federal fuel distributor's orders affecting the traffic in Lake coal beginning August 21, approximately 10,700,000 tons of bituminous coal have been dumped into vessels at Lake Erie piers. The tonnage dumped has averaged 160,000 tons per week for the 11 weeks ended November 6 and has been more than a million tons a week during the last eight weeks, a high record for sustained heavy movement.

According to the Ore and Coal Exchange the total soft coal handled at Lake Erie piers during the week ended November 5 was 1,055,704 net tons, as compared with 1,026,388 tons in the week preceding. In comparison with the first week of November a year ago this was an increase of 15 per cent. For the corresponding period in 1931, the shipments were 21,122,305 tons; in 1930, 21,065,719 tons; in 1929, 21,920,192 tons.

Fayette First County in Coal Production, 1931

Prima Vista in 1931 produced 136,212 tons of bituminous coal, valued at \$2,000,000, according to a compilation of the United States Geological Survey. The output was exclusive of region mines. The average production cost was \$27.50 per ton. The industry employed 190,433 persons, 184,242 underground.

The average number of days the mines worked varied from 75 in Clinton county to 271 in Lawrence county. In Fayette the average was 150 days; in Westmoreland, 151; Somerset, 178. The average over the entire area was 151 days.

While Fayette county was first in actual production, with 136,212 tons, its tonnage had third value, \$46,000,000. It stood first also in the number of persons employed, 190,433. Westmoreland county was second in both production and value—18,066,398 tons and \$48,835,000. There were 24,979 persons employed. Cambria county with 16,320,223 tons, valued at \$40,760,000 was third in production. Allegheny was fourth with 11,931,527 tons valued at \$34,877,000.

The following table shows by counties the production in net tons and total value:

County	Quantity	Value

OUR CHARITY MUST NOT BEGIN AND END AT HOME

In his appeal to the people of the Connelville District, E. T. Norton, chairman of the Sixth Red Cross Roll Call, makes it plain that no one is to be asked to join a local chapter, but to become a member of the national body, whose activities are world-wide.

This organization has given proof of the diversity of its activities right here in our own community, and will continue to meet its obligations in this respect, but it is more than a community, county or state agency for the amelioration of the hard conditions in the lives of the less fortunate people. It is so all-inclusive in its scope and operation that it is ready at any moment to answer calls for aid anywhere in the world.

In taking membership we are merely being given opportunity to show that our charity is not circumscribed by local boundaries, but that it is our objects, purposes and the field in which the Red Cross operates.

"The American Red Cross," Mr. Norton says, "primarily has nothing to offer but service. To serve efficiently it must have paid executives and a corps of trained workers—like any properly organized business. This is especially true in order to render efficient service to the ex-service men and their families. This work cannot be done properly by those who do not know their business."

But doing things to make ex-service men realize that the country does feel the weight of its obligation to give substantial expression of gratitude for the sacrifices they have made and the suffering they have endured, is not the sum total of the peace-time activities of the Red Cross within the sphere of a chapter's operations. All persons who have kept in touch with current events know that in the Connelville District and elsewhere in Fayette county the Red Cross has been doing splendid work in furtherance of a conservation of the health of many persons who otherwise would not be in position to secure the benefit of skilled attention and service.

Through the well baby clinics, home nursing, school and public health nursing, instruction in first aid, the preparation of nutritive diet and other health activities, the Red Cross has demonstrated its usefulness, even its necessity, to such a degree that failure to give it ample support and practical sympathy would be a step backward.

We cannot afford to fall in these things if we expect our neighbors to accept our claims that we are a progressive community and that our charity does not begin and end at home.

A Suggestion for "Pop."

"Pop," said Willie, "the teacher made a suggestion today." "That so? What was it?" asked his dad. "She says if you are going to do any more work for me you ought to go to night school and learn a little something about arithmetic. All those problems you worked for me last night were wrong!"

Have You Said "Our Room Is Not Large Enough for a Grand?"

Nearly every woman has made the wish, "Some Day I Hope to Own a Baby Grand," and then says, "when we have a home large enough," thinking that a Grand Piano means a large instrument six, seven or even nine feet in length. To those folks we offer the charming, Home Beautifying, little

piano making experience is built into every Brambach. Since 1823, for over 99 years, the name Brambach has stood for Beauty, Quality and musical excellence. The years ago the Brambach Piano Co. decided to build Baby Grands exclusively and have made it possible by specialized manufacture to produce a high grade Baby Grand Piano to sell at the price within the means of every home.

BETTER FRESH FISH

Union Supply Company stores are now handling "CHILPAK" Fresh Fish weekly, as well as Salt and Smoked Fish from the Chilpak plants. There is no comparison of Chilpak's superior sea foods. By Chilpak methods the fish are selected and cleaned in light, sanitary stations, chilled with ocean water instead of being frozen, then when dry neatly wrapped in parchment. You buy no waste—just the solid meat ready for your skillet or oven. The delicious flavor of fresh fish is retained, while all unsanitary methods of handling, all waste, all odor, and all trouble of preparation for cooking have been eliminated.

If you appreciate the utmost in sea foods, ask our nearest store for Chilpak Haddock, Cod, or Halibut.

Cambric Coffee.

When my youngsters clamor for coffee, just like dad and mother, I give them "cambric coffee." To make this, toast brown and very crisp the crusts and ends of a loaf of bread, put into a bowl or dish which can be covered tight, and pour over them enough boiling water to cover. Put on the lid and let stand until cold. Then strain and sweeten. The "coffee" is served hot, with cream.

Biggest Semi-Pro Game Of Season Scheduled For Tomorrow at 3:15

Casey Jones' Tornadoes Will
Meet Strong Charleroi
Team.

NEW FACES IN LINE-UP

By James M. Driscoll.
The biggest semi-pro football game
likely to be played in Connelville
this year is scheduled for tomorrow
afternoon. At 3:15 o'clock the battle
between the Connelville Tornadoes
and the Charleroi eleven will begin.
From then on for the next hour or
whatever time is required, fans will
witness a great grid struggle. Inter-
est in the game throughout the Coke
region compares to that in the Pitt-
W at J. clash at Pittsburgh.
Connelville fans have a wholesome
fear of Charleroi and rightly so. The
team held Brownsville to a 14-6 score
and threatened to defeat the county
"champs." The game will be an acle-
test for the locals and will determine
just whether or not the team is in a
class with the River Town eleven.
Coach Jones will have a few new
faces in the line-up. One of the most
important is a new tackle, whose
identity has not been divulged. He
will be a big factor in strengthening
the team. The player was formerly
with Penn State. Another addition is
"Fat" Fisher of the United team,
which played a game with the Tor-
nadoes earlier in the season. Fisher
is almost as broad as he is long, but
he plays a first rate game in this back-
field.
Two other new players, whose
names have not been announced, will
also be ready to participate in the
game. One is a halfback and the other
an end.
There has been a remarkable in-
crease in the interest of local fans in

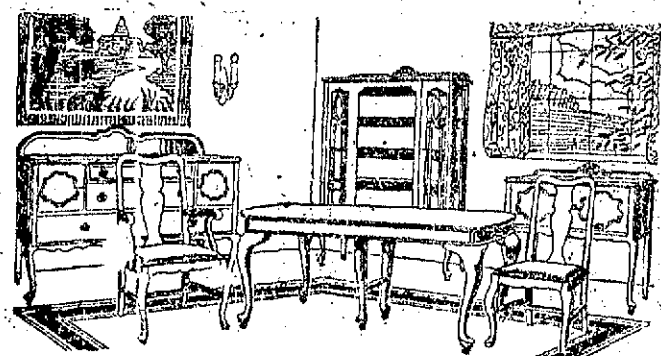

the game. Principally because of the
showing Charleroi made against
Brownsville, local citizens are anxious
that the Tornadoes win decisively and
will be on the sidelines to see this
done. Some who had planned to at-
tend the college classic in Pittsburg
are remaining at home to attend the
local comba.

Because of inability to secure an-
other attraction to replace Latrobe
High School, which team cancelled be-
cause it could not play this Friday,
High School is without a game for
this week. The game was to have
been played at Fayette Field today.
The game was arranged for Friday
early last spring, because of the Pitt-
W. & J. game, which many of the local
team always attend, coming on Satur-
day. Latrobe accepted the date, but
according to word communicated with
this week, presumed the "17th" of No-
vember fell on a Saturday, not being
any the wiser until early this week.

While schedules of the Connelville
games distributed among local fans
show the Dunbar Township High
School team coming here on Novem-
ber 24, which is Friday, the game is
readily scheduled for Saturday, Novem-
ber 25. This error in that case was
merely in printing the schedules.

At the Theatres

THE SOISSON.

"THE STORM," showing today and tomorrow at this theatre, is attracting record-breaking crowds at all performances. House Peters, supported by an all-star cast, appears in the stellar role. Mr. Peters plays the role of a simple woodsman, who trusts all men and fears only—women. Into his simple life comes an English lady, who is seeking renewed health in the north woods. The two men become fast friends and decide to winter together at Burr's. (House Peters) speak in the depths of the mountains. Into this peaceful cabin comes a beautiful French-Canadian girl (Virginia Valli). Burr shys away like a cat, but soon learns that this girl means something to him. The same feeling is experienced by the Englishman, who uses all the guile and craftiness of the sag Lothario to win her. Friendship between the two men turns into near-love and—why spoil the prospective spectator's enjoyment?

Monday, Tuesday and Wednesday of next week Milton Sills will be seen in "Skin Deep."

THE PARAMOUNT.

"TEXAS," starring Franklyn Farnum, the popular screen artist and a two real comedy are the attractions today at this theatre. "Texas" provides Mr. Farnum with one of the best roles in his screen career and the picture is one of the best shown at this theatre in recent months. The program will please all members of the family.

THE ORPHEUM.

"OVER THE BORDER," a Paramount picture, with Betty Compson in the leading role, provides splendid entertainment today and tomorrow at this theatre. This picture deals in highly dramatic fashion with the activities of bootleggers and the illicit traffic in liquor across the Canadian border. The cast includes Casson Ferguson, J. Farrell MacDonald, Sidney D'Albrook and other well-known players. This story of the love of Sergeant Fishery of the "Royal Mounted," for Jon, winsome daughter of a bootlegging tavern keeper, has many moments of high drama. Miss Compson misses none of its opportunities. Produced as a Paramount picture, superbly cast and filmed among mountain settings which thrill with their beauty, the creation is one that rightfully bears the hall-mark of excellence and reflects the greatest credit on all concerned in the production. Miss Compson's beauty, charm and personality have never been seen to better advantage than as Jon Galbraith in "Over the Border."

Monday and Tuesday Dorothy Dalton will be seen in "The Woman Who Walked Alone."

APPLY SULPHUR TO HEAL UP YOUR SKIN

Broken Out Skin and Itching Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it, healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dated right up.

Get a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.—Advertisement.

Furnace Operations Again Take Lead in Plant, Oven And Production Increases

Add One Plant, 657 Ovens and Gain Appreciably in Their Tonnage.

TOTAL WAS 176,880 TONS

Merchants Have Not Percentage Increase From Strike Effects, But Are Still Short in Volume of Output; Producers Resist Price Cut.

From The Weekly Courier.

In the progressive march toward greater plant and oven activity and larger production of coke, the furnace interests last week regained the leadership they had previously, but temporarily, lost to the merchant producers. This they accomplished by bringing an additional idle plant and 657 ovens into production as against no newly fired merchant plants and only 409 ovens added to the latter's active list. Both interests made production gains, boosting the total to 176,880 tons, another new high record, but the furnace gain was almost five times that of the merchant.

That the merchants themselves produced within 1,000 tons of that made by the region as a whole in the corresponding week of 1921, shows that the recovery from the effects of the strike has been more complete, and more rapid, than the recovery from the industrial depression of a year ago. In the week of May 6, when the strike had reached the high tide of its effectiveness in the region, the merchants were able to produce only 15,790 tons.

They deferred longer than the furnace interests making an aggressive effort at resumption but once it got under way they made very rapid gains. Their output of 51,280 tons last week shows an increase of 47,530 from the high mark of the strike. Contrasted with the furnace gain of 77,100 tons, from 38,500 on May 6 to 115,600 tons November 11, the merchant record of 360 per cent gain is decidedly better than the 200 per cent increase at furnace operations. But in point of tonnage the merchants are still very far behind the furnace ovens, and that is the point of greatest interest to independent furnace-men who are anxious to see coke tonnage assume proportions that will bring about a condition wherein the producers will be seeking buyers, rather than the reverse as exemplified during recent months by buyers searching for coke.

With the possible exception of the interference resulting from interrupted coal supply and service, conditions in the region are favorable to a continued enlargement of operation and production. There are 35 more plants in at least partial operation than prior to the strike. It is true that many of them have not regained their old time efficiency and will not be able to do so for some time yet. At several operations the men who do not know that the strike is over, and who are quartered in tents or barracks in the neighborhood, are preventing the recruiting of working forces to the number required for larger production. This is entailing some considerable expense to the operators and is one of the reasons why there is resistance to the attempts of coke consumers to beat the price down to lower levels. The

burden imposed by the strike cannot be sustained by the operators alone. The strike was aimed at the public, the object being to stop the production of fuel used in the industries, transportation and other lines. By the law of economics there must be a distribution of the cost of the strike just as there is a distribution of the cost of everything the public consumes. The operators are not assuming the position that the public should bear all the cost, but they do feel the justice of their demand that they receive for their product such prices as will yield a fair return on plant investment and cover some of the increased cost of production resulting directly from the attempt to put them out of business.

The estimated production of coke during the week ending Saturday, November 11, was 176,880 tons, contributed by the two districts in the following proportions: Connellsville, 129,290, a gain of 7,310 tons; Lower Connellsville, 62,590, a gain of 5,250 tons, or a total gain of 12,560 tons as compared with a net gain of 4,640 tons during the week preceding.

By interests the production was: Furnace, 115,600, an increase of 10,250 tons; merchant, 61,280, an increase of 2,310 tons, as compared with a decrease of 3,760 and an increase of 5,300 tons respectively during the week ended November 4.

The active oven additions totaled 1,056, 657 at furnace and 409 at merchant plants. The H. C. Frick Coke Company brought another plant, Leith, into service, its quota of newly fired ovens being 362; independent furnace plants, 295; W. J. Rainey, Inc., fired up 226; other merchants 183 net. The individual changes at furnace ovens were as follows:

Bitner, 35; Calmest, 30; Davidson, 20; Leith, 31; Lemont No. 2, 25; Oilphant, 23; Redstone, 20; Treator, 40; Youngstown, three; Colonial No. 3, 44; Colonial No. 4, 38; Alicia, 200; Genesee, 40; Orient, 18; Republic, two; Thompson No. 1, 35. Merchant: Elm Grove, 26; Port Hill, 18; Mount Braddock, 23; Revere, 60; Allison No. 1, 20; Allison No. 2, 80; Oliver Nos. 1 and 2, 24; Champion, 30; Eleanor, 15; Griffin No. 2, nine; Harbert, 20; Hoover, 10; Old Home,

30; Puritan 1 and 2, 12; Searight, 126; Sterling, 11; Thompson No. 2, five; Tower Hill No. 1, 46; Tower Hill No. 2, nine.

The estimated production of coke in net tons in the Connellsville and Lower Connellsville districts, by weeks, with the total compared with the corresponding week of 1921, is shown in the following:

Clare Furnace to Resume.

Resumption of operation of the Clare furnace of the Shesango Valley will occur November 20. Operation of this unit will place in commission 31 of the 47 larger stacks in the Youngstown district.

Can bachelors be as successful as married men?

"Of any honors we receive, our wives deserve an equal share." This answer was given to a reporter when he asked every member of the U. S. Cabinet "How much of your success is due to your wife's help?"

Is it merely a coincidence that only married men hold cabinet rank? Or is it true that few men attain high place without the understanding, sympathetic partnership of some woman?

This, at least, is certain: Almost every successful man will tell you that his wife's thoughtful management

in the home has been an inspiration to his successful management in business.

Any woman who takes pride in her economical home management will find one delightful new opportunity to save in Brednut—the delicious new spread for bread.

Pasteurized milk! Tropical nuts! A delicious new home economy!

Made only from pasteurized milk and tropical nuts, Brednut has a delicious, fresh flavor. Your husband and children will notice no "difference."

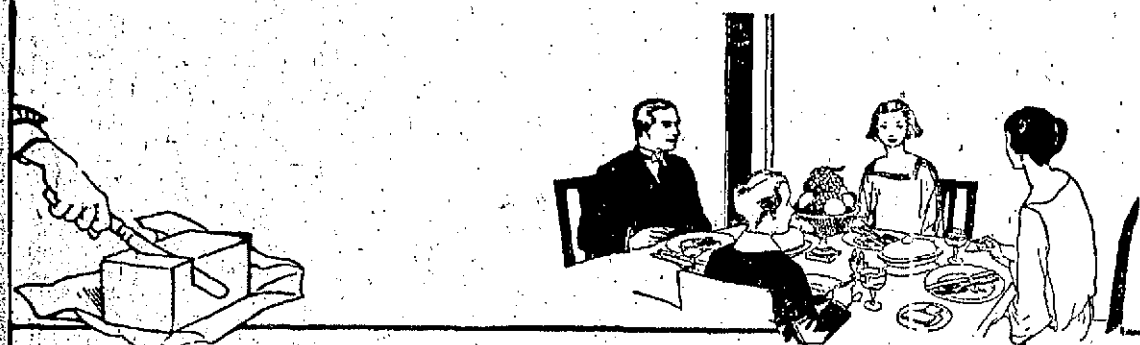

When you see them enjoying healthful Brednut as a

spread for bread, rolls and biscuits, remember that such foods are digestible and nourishing. Bulletins of the U. S. Department of Agriculture so state.

Yes, Brednut comes to you uncolored—a pure white. With wholesome vegetable material (gratis from your grocer) you can quickly color Brednut to a rich golden yellow.

A dainty sandwich for afternoon tea

Make a filling of cream cheese and the yolks of hard boiled eggs. Season with paprika. Spread two crackers with Brednut and then this filling. See if your guests do not compliment you on the fresh delicate flavor of Brednut.

British Coal Industry In Bad Way Financially

Since the closing months of the year 1920 the British coal industry has not been paying its way. Losses began to make themselves manifest before the government control ceased in the spring of 1921. During 1921 the coal trade shared in the general depression and no profits were anticipated. The fact which is causing the most serious concern at present, however, is that the trade has not been able to recover since the strike and is not now making sufficient profits to form an adequate return on the capital invested.

Official statistics for the 12 months ended June 30, 1922, show that during that period the profits of the industry as a whole amounted to about \$9,000,000. This compares with \$28,000,000 guaranteed by the government to the coal owners during the period of control and with an average pre-war net profit per annum of about \$18,000,000.

However, from the coal-owners' share of profits \$3,000,000 was surrendered to the miners to guarantee

the minimum wage under the agreement made in June, 1921. Moreover, this profit of \$9,000,000 is more apparent than real. As part of the settlement of the strike in 1921 a \$10,000,000 subsidy was granted by the government to the mining industry, and that about \$6,000,000 of the to-

tal \$9,000,000 profit was made during the months of July and August, 1921, when this subsidy was in effect.

MOUNT PLEASANT LAGS IN RESPONSE TO RED CROSS CALL

Less Than 700 Enrolled to Date, Chairman C. E. Zimmerman Says.

HOPE FOR A THOUSAND

Special to The Courier.

MOUNT PLEASANT, Nov. 17.—Chairman C. E. Zimmerman of the Red Cross drive, has been receiving reports from the workers and only about 700 or 800 persons have become members or answered the roll call in Mount Pleasant for this drive. This indicates that the drive is not making as much headway as the former campaign. The public school teachers consented to do the soliciting and gave of their time so that the call might be a success.

However, the chairman is confident that when people know it is not too late to join they will get respond.

The Mount Pleasant chapter is doing more, perhaps, in a quiet way than any other chapter in the part of the State. It employs a competent nurse and the monthly reports submitted by her show that many times in a day she has given more than she felt she could.

"The examination of and the careful watch over the school children, saving the cost of a school nurse, means something to the town," Mr. Zimmerman said. "The well baby club, showing how the babies who are entered the club gained steadily, means better babies, means something. The work of this kind may be financed out of the Red Cross funds, but the members must remember that it takes a large membership to derive money enough for the upkeep of these good movements in the town."

It is hoped by the chairman that before tomorrow evening the mark will at least reach \$1,000.

Lecture on Ancient America.

Arthur P. Abbott, who has made a study of the American Indian, his customs, habits and surroundings, gave a very interesting lecture to the High School and the high school in the Grand Opera House last evening after school. The lecture was entitled "Ancient America and Its People." The lecture was illustrated.

Football News.

Today the High School football team will go to McClellandtown to meet the High School team. Next Friday will be the really big game of the season. Following this will be Thanksgiving vacation, at which time work will be begun on basketball practice. The basketball season will open with Uniontown at Uniontown on December 15.

The Mount Pleasant Superior Football team will meet Bryce Brothers on the Bryce Brothers field Saturday at 2 o'clock. An interesting game is expected as there is great rivalry between the teams and this game will decide which team is to participate in the junior championship contest.

DESERT GOLD

by ZANE GREY

Author of Riders of the Purple Sage, Wildfire, Etc.

Illustrations by Irwin Myers

COPYRIGHT, 1922, HARPER AND BROTHERS.

Gale found that the arroyo widened as it opened. Near the head, where it was narrow, patches of gray grass grew everywhere. Gale began to wonder where the horses were. Finally the trees and brush thinned out, and a mile-wide gray plain stretched down to reddish sand dunes. Over to one side were the white houses, and here was a good place for camp; the arroyo was indeed an oasis.

Ludd and the others were awaiting Gale's report, and they received it with calmness, yet with a joy no less evident because it was restrained. Gale, in his keen observation of the moment, found that he and his companions turned with glad eyes to the woman of the party.

"Henceforth you think you have found a good place," she faltered, and her voice failed.

"Mercedes, no white man can tell what'll come to pass out here," said Ludd earnestly. "Shore I have hopes now I never dreamed of. I was pretty near a dead man. The Indian saved me. Beldin had it right. Yaqui's a redskin. Now, as to the future, I like to know maybe as well as you if we're ever to get home. Only he's what I am, I say. Quite a shot. But something tells me Yaqui knows. Ask him, Mercedes. Make him tell. He's a silent Indian, but make him tell."

Mercedes called to Yaqui. At her bidding there was always a suggestion of hurry, which otherwise was never manifest in his actions. She put a hand on his bare muscular arm and began to speak in Spanish. Her voice thrilled Gale, though he understood neither a word she said. He did not need translation to know that here spoke the language of a woman for life, love, home, the heritage of a woman's heart.

"I'll rolled out the Indian's reply, full of power and depth.

Mercedes drew a long breath, and her hand sought Thorne's.

"He says yes," she whispered. "The answer he's says: He'll take us all back—he knows!"

The Indian turned away to his horse, and the silence that held the group was finally broken by Ludd.

"Where I said so. Now all we've got to do is use some. Friends, I'm

the commissary department of this outfit, and what I say goes. You all won't eat except when I tell you. Maybe it'll not be so hard to keep our health. Starved haggards don't get sick. But there's the heat come, and we can all go loco, you know. To pass the time! Lord, that's our problem. Now, if you all only had a hankerin' for checkers. Shore I'll make a board an' make you play. Thorne, you're the luckiest. You've got your girl, an' this can be a honeymoon. Now with a few tools an' little material see what a grand house you can build for your wife. Dick, you're lucky, too. You like to hunt, an' up there you'll find the finest big-horn huntin' in the West. Make Yaqui and the dogs. We need the meat, but while you're gettin' it have your sport. Rustle now, son. Get some enthusiasm. For shore you'll need it for yeggetin' us."

Gale climbed the lava slope, away round to the right of the arroyo, along an old trail that Yaqui said the Padres had made before his own people hunted there. From the crests Yaqui's searching falcon gaze roved near and far for signs of sheep. Suddenly he grasped Gale and pointed across a deep, wide gully.

With the aid of his glass Gale saw five sheep. They were looking in his direction. Remembering what he had heard about the wonderful eyesight of these mountain animals, Gale could only conclude that they had seen the hunters.

The Yaqui's movements attracted and interested him. The Indian had brought with him a red scarf and a mesquite branch. He tied the scarf on the stick, and propped this up in a crack of the lava. The scarf waved in the wind. That done, the Indian bade Gale watch.

Once again he leveled the glass at the sheep. All five now were motionless, snapping like statues, heads pointed across the gully. They were more than a mile distant. When Gale looked without his glass they merged into the roughness of the lava. He was intensely interested. Did the sheep see the red scarf? It seemed incredible, but nothing else could account for that statuesque alertness. The sheep held this rigid position for perhaps fifteen minutes. Then the

leading ram started to approach. The others followed. He took a few steps, then halted. Always he held his head up, most pointed.

"My George, they're coming!" exclaimed Gale. "They see that scarf. They're hunting us. They're curious. It this doesn't beat ice?"

Evidently the Indian understood, for he counted.

SOAKS RIGHT IN AND LIMBERS UP STIFF JOINTS

Pharmacists Call It "Joint Ease" Because It's For Swollen, Stiff, Painful, Cranky Joints Only.

It took a good many years to get together a combination of pain relieving and swelling relieving agents designed to be the one remedy that thrusts instantly penetrates through skin and flesh and starts right in to make swelling, inflammation, crampy, pain racked joints as good as new.

They call this new and wonderful preparation "Joint Ease" because the medical man who turned the article worked for years to perfect some low priced remedy that would really benefit the millions of people who have one or more joints that need helpful attention.

"So 'Joint Ease' is prepared only for people who have a swollen, painful, crampy, stiff joint, whether it be in knee, elbow, shoulder, ankle, neck or finger and whether it is caused by rheumatism or something else.

Of course, it can't help but quickly put an end to such superficial ailments as lameness, neuritis, muscle aching, muscle, stitch in the side, crick in the neck or sore feet because of its penetrating action, but what it is really recommended for is joint ailments of any nature whatever.

Ask for a tube of "Joint Ease." You can use it several times in one evening for quick results, because it goes right through the skin with only a few seconds' rubbing. It surely is a swift pain reliever and when it goes under the skin, it starts right in to clean up all joint trouble.

Ask druggists dispensing it daily for about 50 cents a tube and do first class druggists everywhere.—Advertisement.

Is Doubting Thomas No Longer

"All medicines and doctors for stomach trouble proved worthless in my case. Everybody recommended something else and nothing helped. I became a doubting Thomas as to any cure. While in St. Louis a party praised Mayr's Wonderful Remedy so highly that I bought a bottle and I am now a doubting Thomas no longer."

It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. A. A. Clarke and Druggists everywhere.—Advertisement.

M. E. CAMP ASS'N AT SCOTSDALE NAMES CORPS OFFICERS

Report of Treasurer Show Organization in Good Financial State.

WILL ADD TO COTTAGES

Special to The Courier.

SCOTSDALE, Nov. 17.—The Camp Association of the Methodist Episcopal Church held its annual meeting in the church last evening. Secretary H. J. Springer read the financial report which showed that the manner in which the camp was conducted had been a paying proposition. With all the improvements that had been made there was still a creditable showing on the right side of the ledger.

Persons interested predicted bigger tidings for the camp next year. It is thought that possibly more cottages will be built. The popularity of the camp is due to the fact that it is an easy reaching distance from Scottdale, Greensburg and other points where men are employed who can join their families at the close of the day.

The following trustees were elected: T. Keithley, P. E. Weddell, T. J.

Hill, H. J. Springer, Berkey H. Boyd, J. A. Barnhart, Dr. L. T. Gilbert and the Rev. Judson Jeffreys.

It was decided that two women should be added to the list of trustees to be named from the camp auxiliary.

Boy Struck by Truck.

Donald Lewis, in the first grade of the public schools here and a son of Frank Lewis, was struck by a truck at Chestnut and Pittsburg streets, while returning from school yesterday. The truck was being driven by Lawrence Medgar, who is considered a careful one, who was driving along very slowly when the boy darted out in front of the car. The boy was taken to the office of Dr. S. B. Gray. His hand was slightly injured and there was a cut above his eye. It is thought that the boy was not seriously injured.

For Miss Loucks.

The members of the Akoma Club gave a surprise party last evening for Miss Theresa Loucks in observance of her birthday. A very pleasant evening was spent, the usual club business being dispensed with.

Party at State College.
Miss Theima Smeltzer attended the fall house party at State College where she was a guest at the Phi Gamma Delta House. She returned to Blairsville where she is visiting Dr. and Mrs. D. L. Young.

Kitchen Shower.

Miss Mary Norris gave a kitchen shower last evening for Mr. and Mrs. John Norris at her home in Market street. Guests were present from Mount Pleasant, Connelville and Scottdale. Cards and dancing were the pastimes of the evening. Lunch was served.

Personal News.

John T. Weitz spent Wednesday in Pittsburgh.

For Sale—A good six foot oak extension table. Bargain for quick buyer. Inquire Elmer Morrow, Scottdale, Pa. 15-6v6t.

RED PEPPER HEAT STOPS BACKACHE

The heat of red pepper takes the "ouch" from a sore, lumbic back. It can't hurt you, and it certainly ends the torture at once.

When you are suffering, so you can hardly get around, just try Red Pepper Rub, and you will have the quick relief known. Nothing has such concentrated, penetrating heat as red peppers.

Just as soon as you apply Red Pepper Rub you will feel the stinging heat. In through muscles it warms the sore spot through and through. Pain and soreness are gone.

Ask any druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine with the name Rowles on each package. Advertisement.

Contractor Says It Was Worth Thousands

"Taulac has not only rid me of my suffering, but it has been worth thousands of dollars to me in a business way," recently stated Earl C. Elson, well-known cement contractor, 2744 Penn St., Harrisburg, Pa.

"I don't believe anybody ever suffered much worse from stomach trouble than I did for fifteen years. It made me almost a nervous and physical wreck. Often with a lot of contracts on hand I was unable to look after my business. Many a time I was so nervous and miserable I was afraid to leave the house.

"For ten years, I could eat little of anything except a carefully selected diet. But Taulac has made a clean sweep of all my troubles and given me a better stomach and an appetite that never fails."

Taulac is sold by all good druggists. Advertisement.
